

**Update 6-7-16**

The contractor is planning on paving the wear course starting tomorrow and hopefully wrap up Thursday but may extend into Friday. The work will start at the west end and work to the east. We are have or will have all the striping laid out on lath so a centerline skip can be placed at the end of each work day. The contractor will have temporary signage and flaggers to direct traffic during the paving process.

If you have any questions please feel free to contact me at 763-852-0495.
