*Municipal water pressure may exceed 80 psi. Per Section 608.2 of the MN State Plumbing Code, a pressure regulator will be required.

This permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of **180 days** at any time after work has commenced.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of law and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
